

**Report to:** Outsourced Services Scrutiny Panel

**Title:** End of Quarter 1 (June) 2017 /18  
Key Performance Indicator (KPI) Report

**Date of meeting** 25 September 2017

**Report of:** Head of Corporate Strategy and Communications

**1.0 SUMMARY**

- 1.1 Watford BC's Corporate Plan sets out the council's priorities and corporate work programme over a four year period. Underpinning the plan is a suite of key performance indicators. These measures support the delivery of good quality services (both internal and external) by highlighting areas of good performance and, more importantly, under performance. Leadership Team has approved a review of these indicators during 2017/18 so that they align more closely with the council's priorities and support decision-making and improvement.
- 1.2 The attached report shows the results for these key performance indicators at the end of Quarter 1 (June) 2017/18. This means that both quarterly and monthly results are included – the report shows which are collected and reported quarterly and which monthly. The report also shows:
- The result for Quarter 1 for quarterly indicators
  - The cumulative result for monthly indicators unless they are only collected on a monthly basis and no cumulative result has been submitted
  - The results for the same period in 2016/17 if available
  - The result for the previous period – end of Quarter 4 / March 2016/17
  - The target that was set for 2017/18
  - Whether the indicator result is above or below target
  - Benchmarking information, where available, against Hertfordshire authorities or all England authorities
- 1.3 A significant amount of the data has been presented in chart / graphic format to support analysis of the information provided.

**2.0 DECISION REQUIRED**

- 2.1 Panel is asked to note the key performance indicator results for Quarter 1 2017/18.

The machines are nearing the end of their useful life, as parts, such as hydraulic pipes for example start failing. At the beginning of this year the rate of breakdowns increased sharply; and currently at list one machine is off the road at some point every week. This has put additional pressure on our barrow beat operatives, who are working hard to keep on top of their beats, while the mechanical sweeping time has reduced significantly. A contributing factor has been the need to redirect street cleansing staff to clean parks, supporting the parks team, as part of our efforts to increase standards within parks and open spaces, where 11 Green flag Awards were successfully achieved earlier this year. Another factor this time was the condition of the high speed roads (A41 and A405), which could not be cleaned as thoroughly as normal in time for the survey for operational reasons. Because of the current reliability issues the plan is to hire in an additional mechanical sweeper to provide cover and to enable cleaning standards to be recovered in time for the next survey.</p>

They are hoping to Increase casual use with the offer of under 8s free swimming and distribution of a monthly newsletter.  Figures show that the target had been achieved by end of Q1. Idea is to maintain and increase where possible.  The challenge for the site is the number of Budget Gyms in Watford. The centre is looking at creative ways to retain and increase membership.
