Section 106 Planning obligations and Community Infrastructure Levy (CIL)

The Council introduced the Community Infrastructure Levy (CIL) with effect from 1 April 2015. The CIL charge covers a wide range of infrastructure as set out in the Council's Regulation 123 list, including highways and transport improvements, education provision, youth facilities, childcare facilities, children's play space, adult care services, open space and sports facilities. CIL is chargeable on the relevant net additional floorspace created by the development. The charge is non-negotiable and is calculated at the time that planning permission is granted where relevant. Section 106 planning obligations can only be used to secure affordable housing provision and other site specific requirements, such as the removal of entitlement to parking permits in Controlled Parking Zones and the provision of off-site highways works.

Human Rights implications

The Local Planning Authority is justified in interfering with the applicant's human rights in order to alleviate any adverse effect on adjoining properties and their occupiers and on general public amenity. This may take the form of conditions or planning obligations on any grant of planning permission or, in some cases, a refusal of planning permission. With regard to any infringement of third party human rights, where these are not considered to be of such a nature and degree as to override the human rights of the applicant the refusal of planning permission may not be warranted.
