Callowland Additional Gating Project Phase 1	£2000	We sought ideas for projects through a newsletter. A few years ago, many of the alleyways in Callowland were gated and residents suggested that some of the remaining alleyways needed attention.  In the year 2011-12, we commissioned gates for alleys in Parkgate Road, Leavesden Road and Salisbury Road/Bruce Grove.  Part of the year's work was to identify further sites that need attention and more gates will be fitted during phase 2.
