SECTION 1: KEY PURPOSE OF THE SERVICE

1.1 Scope of the Service

a) Introduction

The role of the Shared Human Resource (HR) Service is to provide a proactive and responsive advisory and support service in relation to corporate health and safety, learning and development, employment and payroll. As set out in section 1.3 of this service plan, the Shared HR service will contribute to the corporate governance and assist in the achievement of the aims and objectives of both Watford Borough and Three Rivers District Council. The shared HR service will be based in Watford Council offices.

Our internal customers include Management Board (Three Rivers), Leadership team (Watford), Service Heads, Line Managers and Staff in both authorities and Elected Members. External customers include users of the Criminal Records Bureau umbrella body service, job applicants, work placements and the organisations we work in partnership with to deliver our service. Services are provided to West Herts Crematorium on a client basis and occasionally to Parish Councils (Three Rivers DC).

Services are currently delivered face to face, over the phone, by email or via the intranet. Manager and employee self service are available via Resource Link, the HR and Payroll information system (HRIS)

Although many of the services provided by the Shared HR service are discretionary, Health and Safety has a strong compliance element and the service will need to develop policies and procedures and advise on compliance with employment law. There will also be a requirement to return employment data to the Office for National Statistics and the Department for Work and Pensions and to produce annual workforce profile reports for both Councils.

1.1 Scope of the Service (continued)

1.2 Contribution to Shared Services Objectives

Savings

The Shared HR service will be part of a wider shared service initiative between Watford Borough and Three Rivers District Council. The overall savings of this venture were £1.6 million for 2009/10 (£400,000 for Three Rivers and £1,200,000 for Watford).

Due to a reduction in time and effort spent, savings will be made in the following areas :

When creating or revising employment policies or procedures in response to legislative changes, best practice or harmonisation

When implementing employee benefits (i.e. childcare vouchers, home computing initiative)

When bench marking, preparing for corporate service assessments (Customer Service Excellence, liP, Two Ticks), service planning, performance monitoring.

Policy harmonisation (annual leave, recruitment, grievance and disciplinary as priority areas)

It is also intended to align the performance appraisal cycles in both authorities from October 2012 so that a joint approach can be taken to training needs analysis, workforce development planning and the design and delivery of training and development activities.

In the case of occupational health and welfare services (i.e. outplacement, counselling, mediation), greater value of money should be realised through increased bargaining power and the consolidation of our joint needs. For example, only one subscription to an on-line employment advice website will be required, job advertisements could be consolidated and customers in both authorities would benefit from the return on investment in learning and development events and materials.

Investment in one sophisticated HR and payroll information system (with one annual licence fee and one set of training requirements) will enable a reduction in time spent collecting and producing data and management reports. The new system will enable more paperless HR and payroll processes which will result in further savings.

Health and Safety advice for Watford and Three Rivers will be sourced via Hertfordshire County Council, representing a saving of approximately £20,000 per annum. The annual cost of this advice will be shared between both Councils and the HCC adviser will continue to provide advice and support to both councils.

Further fee paying clients will also be sought to increase income and therefore reduce overall cost to both councils.

Resilience	<p>Combining the strengths, experience and knowledge of the officers in both HR teams will be of benefit to customers in both councils. There should be less disruption to service during periods of annual leave or sickness, particularly to Three Rivers customers who are used to a team of between 3 and 5 FTEs.</p> <p>The shared HR service has developed a multi-skilled first line enquiry service which will provide cover throughout operating hours and the self-service aspects of the HR and payroll information system which will provide an additional means of access to some HR and payroll services.</p>
Improved Services	<p>In addition to the improvements by virtue of greater resilience as described above, the shared HR service will deliver the following service improvements :</p> <p>The Charter Mark standard was replaced by Customer Service Excellence in 2009 and this standard was achieved by the shared HR service. This demonstrates that high standards of service are set, a customer-orientated ethos is developed and HR staff are motivated with high levels of job satisfaction resulting in excellent services to customers.</p> <p>Investment in one sophisticated HR and payroll information system will make a greater degree of information available to customers through its self service features. It will also make routine payroll and HR transactions more streamlined, customer orientated and paperless and enable a responsive and quality service in respect of producing HR statistics and management reports. Storing payroll and HR data held in one place will improve data quality as it is more likely to be accurate and up to date. Enabling paperless processes and improving access to up to date, accurate and meaningful HR and pay data should empower and make life easier for our customers.</p> <p>The shared HR service will include five HR business partners who work with dedicated service areas in the two councils to enable HR to gain a greater depth of understanding of their needs, to enable relevant and responsive HR services.</p> <p>Customers in both authorities should benefit from a greater choice of shared relevant, accessible learning and development resources and activities.</p>

1.3 Contribution to the Councils' Strategic Objectives

Three Rivers District Council

The shared HR service will help service managers to ensure that the right people are in the right place at the right time in order to achieve individual, service and strategic objectives. The shared HR service will also directly contribute to Three Rivers strategic objectives as follows:

<p>Safer Communities</p>	<p>Voluntary organisations in the community will continue to be able to access a free of charge Criminal Record Bureau (CRB) quality checking and countersigning service under the Three Rivers umbrella body arrangement. This helps to ensure the safety of children, vulnerable adults and other users of voluntary services and activities in the district.</p>
<p>Sustainable Communities</p>	<p>Customers - A full staff survey took place during the Autumn of 2008 the results of which helped to establish the extent to which we meet the needs and expectations of our internal customers. A customer satisfaction survey took place in September 2009. Once again this has helped to establish whether HR customer satisfaction levels increase or reduce under a shared service arrangement and help to identify areas for improvement. HR subscribe to CIPFA benchmarking data on an annual basis and this provides a good source for comparison against other Districts within Hertfordshire.</p>
<p>Towards Excellence</p>	<p>To ensure that our recruitment and development activities and employment processes promote opportunity for job applicants and existing staff with disabilities the service will maintain the standard required to achieve and maintain the Two Ticks disability symbol. The service will ensure that recruitment and selection processes continue to be fair, transparent, free of bias or discrimination of any kind and continue to spot check recruitment and selection practices.</p> <p>Finance - We will consider adopting the arrangement in Watford whereby agency workers are supplied through Comensura (vendor neutral supplier) where appropriate; this should result in some savings through increased bargaining power and therefore lower hourly rates also through reduced administration and reduced risk of claims of accrued employment rights. We will seek to bench mark our service against other similar shared HR services wherever possible.</p> <p>Operations – Employment procedures that exist to eliminate performance problems such as disciplinary, capability and absence management procedures have statutory or locally agreed timescales and response times. These will be adhered to and where possible, amended to ensure they continue to be thorough, fair and do not use up more time than is necessary. The performance appraisal forms and process will be improved to enable timely completion of appraisals and therefore timely design and delivery of the necessary learning and development activity. We will continue to strive to have the lowest sickness absence rates in the County to</p>

	<p>minimise any impact on service delivery arising from illness. We will continue to develop ways to motivate and provide job satisfaction for all our employees so that outputs are high, turnover is low and recruitment costs are kept to a minimum. Performance statistics for the HR service (other than corporate health) will be established to monitor the time taken to turnaround HR activities, cost per activity and then targets for improvement will be set. See also Section 1.2 'Improved Services'.</p> <p>Capacity - The service will use the Investors In People framework to ensure that our staff are properly trained, developed and motivated to deliver service and corporate objectives and provide high quality services to the public. The service will also provide training and development opportunities for Elected Members.</p> <p>Data Quality - Performance Indicators for the HR service will be reviewed to ensure that they are valid, relevant, accurate, reliable and can be produced within necessary time scales</p>
<p>Watford Borough Council</p>	
<p>Improve the health of the town and enhance its heritage</p>	<p>HR's contribution is to CP1 – an efficient, effective, value for money Council.</p> <p>Sickness Management – the implementation of the Nurse Contact Centre service with on-line real time sickness data for managers and quarterly review meetings with Heads of Service on analysis of trends, sickness statistics and performance of managers on conducting return to work interviews has cut sickness absence to an average of 8.5 days per employee for the year 2010/2011, which is the lowest in Watford's recent history. This contract has been extended for 2 further years and therefore the service will continue in 2012/13 and 2013/14.</p> <p>The physiotherapy service for employees on sickness absence for musculo-skeletal conditions has cut the duration of such absences. The combined effects of these initiatives should enable greater inroads into sickness absence in the next calendar year.</p> <p>Finance for Non-financial Managers training should enhance the skills and financial awareness of managers.</p> <p>Review of Management Development Programme and Talent Management initiatives – should make more effective use of talent in the organisation and enhance succession planning. New leadership and management development programmes have been introduced during 2011/12 with further modules being available during 2012. A pilot of sourcing of short course providers and devolvement of short course budgets to departments should enable the L&D aspects of the Shared Service to be more achievable by reducing administrative work.</p>
<p>Enhance the town's 'clean and green' environment</p>	
<p>Enhance the town's sustainability</p>	
<p>Enhance the town's economic prosperity and potential</p>	
<p>Supporting individuals and the community</p>	
<p>Securing an efficient, effective, value for money council</p>	
<p>Influence and partnership delivery</p>	

	<p>Supporting organisational change – HR will continue to support organisational change and value for money initiatives</p> <p>Equal Pay – The Watford pay and grading model coupled with the job evaluation and moderation process help to ensure there is a robust and definitive pay model in place to continue to reduce the risk of equal pay challenge</p> <p>Health and Safety – the conclusions of the review of Health and Safety approaches will be implemented and training take place on corporate manslaughter to minimise organisational risks</p>

1.4

The Future of the Service

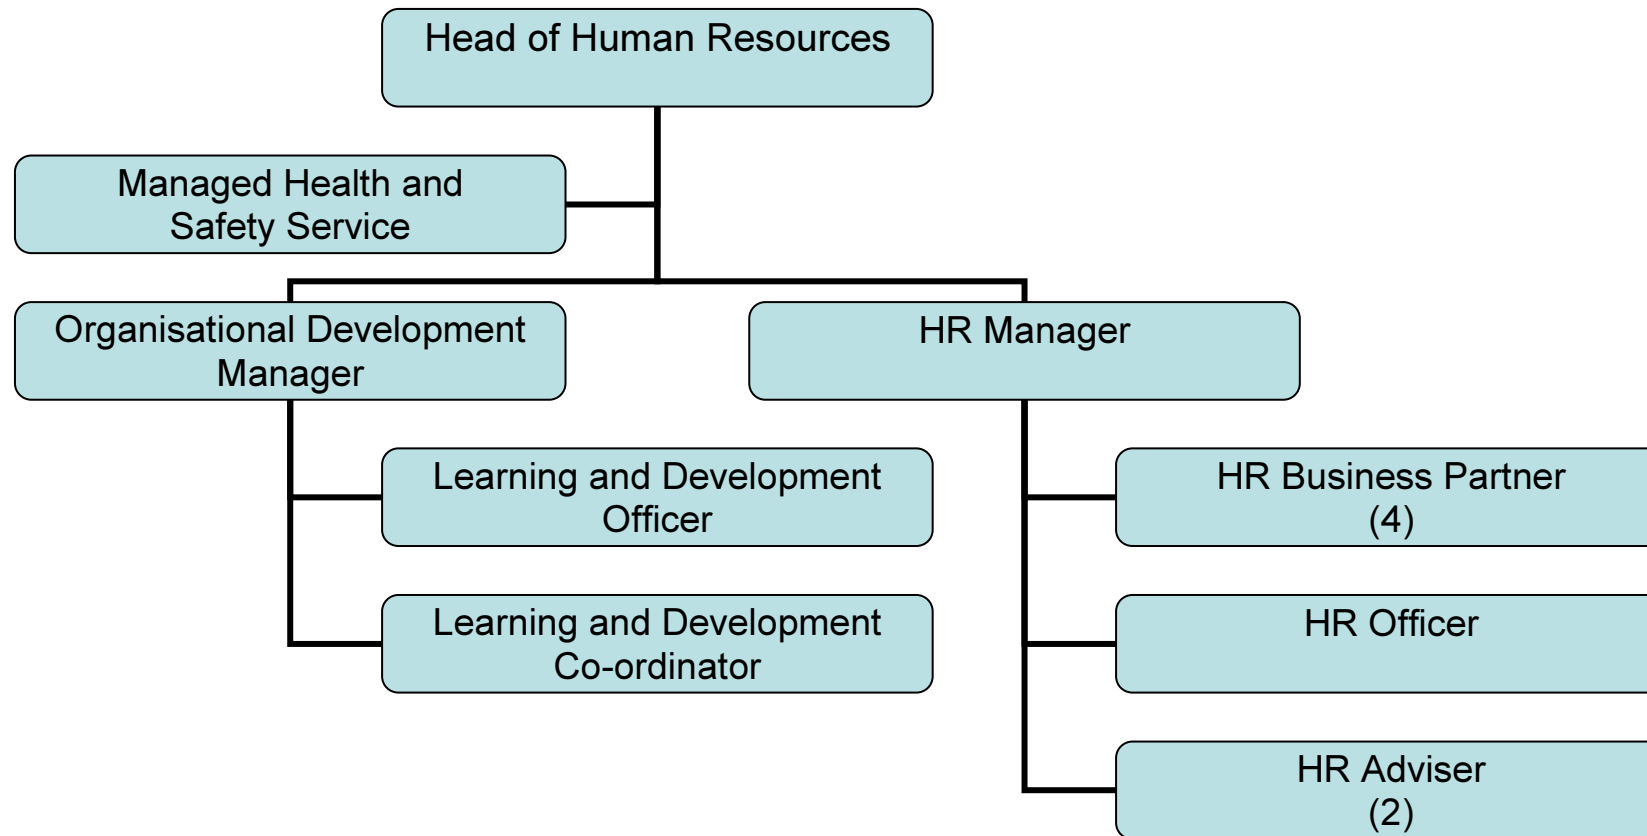

Priority areas for improvement and development for the next three years (2012 – 2015)

- ✚ Extend HR Shared Service approach to other Districts and Parish Council in Hertfordshire
- ✚ Extend learning and development opportunities to other councils or sectors i.e. voluntary organisations
- ✚ Develop a joint approach to recruitment advertising beyond Watford and Three Rivers
- ✚ Review job evaluation scheme and process at Three Rivers with a view to implementing National Joint Council Job Evaluation Scheme
- ✚ Align occupational health arrangements for Watford and Three Rivers and look into extending those services to other organisations and investigate use of physiotherapy service (COPE) to reduce the cost of absence caused by employees off sick with musculoskeletal conditions.
- ✚ Contribute where appropriate to the achievement of the Customer Service Excellence quality standard for Watford and Three Rivers
- ✚ Extend CRB umbrella body services to Watford to contribute to 'safer town' strategic objective
- ✚ Joint on line appraisal scheme and workforce development planning for both Councils
- ✚ Harmonisation of policies and procedures where applicable and practical.

SECTION 2: INPUTS

2.1 People

Organisation Chart

HR Shared Services: Establishment List post restructure (approved by Joint Committee)

Job Title	Grade	No.	FTEs
Head of Human Resources	Head of Service	1	1
Organisational Development Manager	9	1	1
HR Manager	10	1	1
Learning and Development Officer	7	1	1
Learning and Development Coordinator	4	1	1
Health and Safety Advisor – now provided via SLA with Herts CC	n/a		
HR Advisor	5	2	2
HR Officer	6	1	1
HR Business Partner	8	6	4

2.2 Workforce Planning			
Overview			
Workload – Trends & Changes	Staffing Implications – Impact on Service & Individuals	Options & Preferred Solutions	Outcome – Financial Implications, Resilience Implications & Implications for Improving the Service
<p>Working as Business Partners The shared HR service provides a 'business partner' approach to service delivery</p>	HR staff work across both councils supporting specific services	Continuous review with Service Heads and users to ensure service meets requirements. Adjustments made where required	Greater resilience by having a larger team to call on in terms of urgent need. Overall cost is cheaper than previous two separate teams and HR Business Partners improve their service to users by having a greater understanding of service objectives.
<p>GLEA Job Evaluation Scheme (Three Rivers) If a decision is taken to adopt the NJC job evaluation scheme at TRDC in the near future then training for other HR business partners will not be required. However, if this change is delayed or does not happen at all for any reason then it would be essential to have more than one GLEA trained HR Business Partner.</p>	If there were insufficient HR business partners trained to carry out job evaluations for TRDC it will have a negative impact on the service to TRDC customers particularly at times of annual leave etc.	Ensure there are at least two HR business partners trained in the GLEA JE scheme.	A budget may be required to cover the possible need for GLEA JE training for at least one other HR Business Partner within the shared HR service. HR staff will need the necessary knowledge and skills otherwise resilience benefits will not be realised.
<p>Employment Law Changes in employment law happen all the time</p>	HR staff must keep up to date with developments and implications for customers in order to give sound, up to date advice.	HR manager and HR business partners attend employment law updates annually	A good spread of sound knowledge will ensure quality services to customers. A budget will be required to cover the cost of attendance of HR manager and HR business partners at annual employment law update.
<p>HR Networking HR must be represented at Hertfordshire and regional groups (HPOG, PPMA)</p>	Time spent attending and being involved with various groups	HR staff will need to ensure the service is represented and contributes at meetings	Profile is raised and reputation of the service is established with a view to expansion and development of the shared HR service

2.3 Partnerships & Contracts	
Partner / Partnership	Expected Outcomes
West Herts Crematorium	Continue to operate an income generating contract for payroll, HR, Health and Safety and occupational health services (i.e. recruitment, disciplinary, capability, grievance, occupational health and reorganisation) to help the Crematorium to continue to provide excellent services to the public
HR system / payroll service provider	Develop effective working relationships to ensure good communication and to remedy service or system problems efficiently at all times to the benefit of our customers
Various occupational health partners (Nurse contact centre (First Care), BUPA / Corporate Health Care / Dr Zane and Partners, Counselling Contact Centre)	In the short term, continue to work with existing occupational health and welfare service providers to obtain medical advice, testing and services on behalf of our customers with a view to harmonisation. Review all contracts as they become due for renewal and explore alternative cost effective service offerings.
Criminal Records Bureau (CRB), Rickmansworth Waterways Trust, Citizens Advice Bureau, Rickmansworth Churches Housing Association and Council for Voluntary Services	The umbrella body arrangement in place at Three Rivers could be extended to Watford to widen our CRB checking services to voluntary organisations in Watford.
Employment service (Job Centre)	Advertise all job vacancies arising within Watford or Three Rivers Councils with the employment service to increase opportunities and contribute to a reduction in unemployment figures.
Working Transitions/East of England Local Government Association/Fairplace/SOLACE	Continue to provide outplacement support and careers advice to minimise the impact on staff displaced by organisational restructuring from time to time
Childcare voucher providers (Busy Bees and Accor)	Continue to provide staff with the opportunity to purchase childcare vouchers under HMRC regulations to reduce the financial burden of paying for approved childcare arrangements. The preferred supplier arrangements can be streamlined from two to one under shared services.
Comensura	Continue to use Comensura for the supply of agency workers at Watford and review this arrangement for Three Rivers, in conjunction with Management Board.
Health and Safety Executive (HSE) Local Government Body	Working with the HSE on issues which impact on health and safety regulatory functions. The body also reviews the effectiveness and performance of the partnership between the enforcing authorities – Health and Safety Executive and local authorities
COPE	Provision of a prompt and accurate clinical physiotherapy diagnosis and treatment for work related musculoskeletal disorders and those disorders affecting working efficiency using

	approved local physiotherapy clinics. Providing management reports and guidance as agreed.
Leadership and Management development	To development high quality cost effective programmes via Herts CC framework agreement with Reed to design and deliver training products to meet the needs of the council.
Herts County Council	To provide Health and Safety support and advice, via a service level agreement (SLA), ensuring both Watford and Three Rivers adhere to their statutory obligations regarding Health and Safety. To provide support, guidance and advice regarding Health and safety policies, attendance at committee meetings as requested and audits of key sites.

Total	0	0	0	0	0	0	0	0	0

Note:

To achieve the saving of 10% that the councils were aiming to secure over a three year timescale commencing in 2010/11, the service would need to reduce expenditure or increase income by £77k. The Joint Committee accepted last year the following cost reductions, being efficiency gains not affecting service levels:-

Item	2011/12 £	2012/13 £	2013/14 £
Safety Advice	18,400	18,400	18,400
Publications	2,680	2,680	2,680
Equipment and Furniture	3,500	3,500	3,500
Casual User Mileage	1,000	1,000	1,000
Travel Allowance	1,000	1,000	1,000
Total	26,580	26,580	26,580

It was recognised that all support services, including HR must provide a service that is proportionate to the clients supported and that the HR service's customer base was likely to reduce if additional work could not be attracted. It was agreed that the charge to the West Hertfordshire Crematorium be reviewed and that opportunities to share services with other bodies be explored. If, however, there was still a shortfall to be met, then reluctantly there would be little option but to reduce staffing levels. In these circumstances the Committee recommended the following cost reductions commencing in 2012/13:-

Item	2011/12 £	2012/13 £	2013/14 £
Replace HR Business Partner with HR Officer	0	8,360	8,360
Delete HR Business Partner	0	43,510	43,510
Total	0	51,870	51,870

The operating budget figures quoted above include these savings.

Progress to date has been good. All of the efficiency gains have been achieved. Indeed the Health and Safety contract with Hertfordshire County Council was further negotiated from 2011/12 showing a further £3,000 saving.

In respect of staffing levels the replacement of 1 HR Business Partner at band 8 (current vacant post) with an HR Officer at band 6 will achieve the budgeted saving of £8,360 with effect from 1 April 2012. Additionally, it is now planned to reduce the hours of the Organisational Development Manager from 37 to 34.5 per week with effect from 1 April 2012. This will generate a saving of £3,780 per annum.

This means that the total savings achieved to date are £41,720 compared to the £78,450 deducted from the budget, leaving £36,730 still to be achieved.

The options are:

Option 1

To remove the HR Business Partner with effect from 1 April 2012 as planned last year.

Option 2

To remove the HR Business Partner but delay implementation to October 2012 at the earliest.

Option 3

Not to remove the HR Business Partner and seek alternative savings.

There is considerable work going on within Watford that will require substantial HR support over the next 2 years. This will include a review of an outsourced solution in a number of services, which if implemented, will require TUPE transfer of staff, consultation with staff/UNISON and the outsourced provider, all of which require significant HR input. There are also various restructures in both councils taking place and value for money reviews which could also result in revised structures and consultation with staff. Another factor is the push for further shared services (potentially via a Lead Authority model) which will impact on HR resources. Learning and Development are also heavily involved in the launch of Leadership and Management Development programmes, plus support for Investors in People (in Three Rivers) and a review of the appraisal process in both councils. There is a significant risk to both Councils that if the HR service goes ahead with the original plan to reduce by 1 HR Business Partner from 1 April 2012, the service will not be able to effectively support the Councils with their future plans.

Under this option, officers recommend that:

1. they explore further an opportunity of providing to another district council an HR service via a Delegated Responsibility model, (which means no procurement is required). This would cover both HR provision and Learning and Development. Discussions are at an early stage and the next step is to determine, by the end of the calendar year at the latest, whether in principle Watford/Three Rivers HR can provide the service required at a cost considered acceptable by both parties. For information, the tentative timescales discussed at present would involve providing a full HR and L&D service by summer 2012.
2. Any balance of the required savings not achieved through 1 above be delayed until April 2013 and are delivered through a review of the Organisational Development/Learning and Development section. If the demands for HR support from our clients reduce from April 2013 then a review of the number of HR/L&D staff employed to support those clients must be undertaken.

Further Note:

In addition to the savings above, reductions have been made to the Watford client side budget by:

Reducing BUPA fees by £19,000 per annum and undertake a further review by April 2012.

Reducing First Care cost by approximately £11,000 per annum

Potential saving on corporate training budget by engaging Reed via HCC framework, to deliver 'Step' programmes and rationalising Project Management provision. It is difficult to predict exactly how much these initiatives will save although it is estimated to be in the region of £20,000 (11%)

Total savings to Watford will be approximately £50,000 from a total budget of £282,790

3.1.5 Learning from customer consultation

Questions	Answers
What key findings has customer consultation work identified in the last year for each service area?	Concern at reduction of face to face contact; policies require overhaul and updating; concern at losing high level of HR support and advice if other fee paying clients are brought in; good HR experience within the team enables good advice to be provided on terms and conditions; employee relations; recruitment and general HR advice
Have the needs of a specific customer group been identified?	Via face to face discussions and customer survey
What has been done as a result of customer consultation?	Hot desk set up in Three Rivers following relocation of HR staff to Watford; HR Business Partner model embedded in services and communication to customers of who key contacts are; cross skilling HR team; team meetings instigated to improve communications amongst team members
How have you fed back to customers that have been consulted?	Results published on the intranet and feedback to customers direct from Head of HR
How effective were the consultation methods used? What changes are proposed?	Effective for the areas surveyed however, not all customer groups were covered. Changes will include expanding the survey to other areas such as third parties (West Herts. Crematorium as an example)

3.2

Service Level Agreements

SLAs between shared services and the councils

As part of the development of the operating model for the HR service, internal customers were consulted and formal Service Level Agreements (SLAs) have been agreed between the HR service and its customers at both councils as well as the Joint Committee. There is a separate document covering SLA's. As part of the Service Level Agreements, performance standards have been identified as well as performance indicators that will be used internally by the shared service; these have been included in this service plan.

SLAs between shared service and other organisations

There are service level agreements between the HR service and its third party suppliers. These will be monitored at relevant service review meetings and updated as necessary.

Harmonisation of annual leave	→														Proposals to be agreed and implemented in April 2012 leave year
Harmonisation of policies and procedures														→	This is an on – going project and polices/procedures will be prioritised for review during the each year.
Review NJC Job evaluation across TRDC												→			continue review during 2012/13 and present to Management board/LLC. Implementation date to be agreed (if applicable) and in place by April 2013
Extend CRB umbrella body services to WBC													→		Lower priority, non urgent issue
Participate in and carry out CIPFA HR Customer satisfaction surveys														→	On-going requirement for HR

Create and implement workforce development plans															On-going requirement following completion of appraisals each year
Adopt a joint approach to recruitment advertising, selection and appointment procedures															Undertake research into feasibility of joint approach; present findings; obtain agreement to proceed. Non urgent project due to low levels of recruitment
Align Performance appraisal and Learning and Development activities															Introduce one appraisal system, preferably electronic, across both Councils for October 2012.
Develop ways in which work experience opportunities for disadvantaged people and school aged children are regularly provided.															New project that starts in April and will run through the year

Consider how to market Shared HR service to other Districts within Herts.															Ongoing project
Consider extending fee paying clients arrangements beyond West Herts. Crem.															On going project

3.7**Equalities**

The Equalities Act 2010 includes a new public sector equality duty (both a general duty and specific duties), replacing the separate duties relating to race, disability and gender equality. The duty came into force on 6 April 2011. The duty places a range of steps that are legally required by local authorities covering issues such as: assessing relevance, using and publishing equality information, engagement, equality analysis, equality objectives, commissioning and procurement, and business planning and reporting.

It is good practice to integrate the general equality duty into service planning processes and work has been undertaken by both council's to produce a common equalities reporting template for all services in line with the new equality duties.

For HR there is a legal duty to publish information on the effect of council policies and practices on the workforce by 31 January 2012. This will involve collecting workforce information and carrying out analysis of workforce-related policies and practice. It will also mean publishing the analysis and the information used in the analysis.

Risk Ref:	HR05	Risk Title:	Three Rivers pay not aligned resulting in equal pay claims at TRDC		
Responsibility	<i>Who is managing the risk?</i>		Head of HR		
Consequence	<i>What can go wrong? How can it go wrong? Has it gone wrong before?</i>		Equal pay claims from TRDC employees. Read across from non shared service staff on GLEA scheme to shared service staff on NJC scheme; or vice versa. No risk before set up of Shared Services		
Cause / Trigger	<i>What happens to bring the risk into being?</i>		Employees reviewing pay bands across different roles and identifying comparators on a different pay band		
Existing Control	<i>What controls exist now to minimise the risk?</i>		Partial review of pay across GLEA against NJC scheme undertaken prior to set up of Shared Services which largely identified the pay to be the same		
Adequacy of Control	<i>What evidence is there that the existing Controls are working? What would the Risk Rating be without the existing controls?</i>	No claims have been received	Impact	Likelihood	
			iv	D	
Further Action / Controls Required	<i>What gaps have been identified? What can be done to reduce the likelihood of something going wrong and/or reduce the Impact if something does go wrong?</i>		Full review to be undertaken of roles on GLEA scheme and how they compare to NJC scheme. Likely result is recommendation of NJC scheme across TRDC.		
Cost / Resources	<i>Are there cost / resource implications in achieving the further action above?</i>		Potential cost implications if a significant number of roles are evaluated upwards as a result of the review	£ unknown until review is complete	
Current Status	<i>What is the current position on introducing additional controls? What is the current Risk Rating</i>	The risk has emerged since new pay scales were announced for Shared Service staff in July 2009. The HR Service plan covers the requirement for a review of job evaluation across TRDC	Impact	Likelihood

Responsibility	<i>Who is managing the risk?</i>		Head of HR		
Consequence	<i>What can go wrong? How can it go wrong? Has it gone wrong before?</i>		System failure Localised or more widespread power failure preventing HRIS equipment from operating A variety of reasons can cause power failure, all would have the same affect on the service		
Cause / Trigger	<i>What happens to bring the risk into being?</i>		A failure of the electricity supply. This could result from a number of different causes		
Existing Control	<i>What controls exist now to minimise the risk?</i>		WBC has UPS systems in place to safely shut down hardware and a switchable power supply to manage some causes of power loss; Paper files available; back up via Northgate Arinso		
Adequacy of Control	<i>What evidence is there that the existing Controls are working? What would the Risk Rating be without the existing controls?</i>	Duplicate data for pay purposes available; hard copy files in fire proof cabinets	Impact	Likelihood

Risk Ref:	HR011	Risk Title:	Strike/Dispute nationally		
Responsibility	<i>Who is managing the risk?</i>		Head of HR		
Consequence	<i>What can go wrong? How can it go wrong? Has it gone wrong before?</i>		Disagreement with staff/Unison regarding terms and conditions of employment. Negotiations fail. Has not happened before.		
Cause / Trigger	<i>What happens to bring the risk into being?</i>		Disagreement between staff and Unions regarding terms and conditions that cannot be resolved through consultation and/or negotiation		
Existing Control	<i>What controls exist now to minimise the risk?</i>		Part of national framework regarding terms and conditions; Employee Relations protocols; consultation forum with Unison; discussion groups with employees; non Union staff representatives in TRDC		
Adequacy of Control	<i>What evidence is there that the existing Controls are working? What would the Risk Rating be without the existing controls?</i>	Management/Union meetings are conducted in an open, consultative manner. Two way dialogue and exchange of points of view	Impact	Likelihood	
			v	D	
Further Action / Controls Required	<i>What gaps have been identified? What can be done to reduce the likelihood of something going wrong and/or reduce the Impact if something does go wrong?</i>		Ensure regular meetings with Union/non Union staff representatives are continued		
Cost / Resources	<i>Are there cost / resource implications in achieving the further action above?</i>		Potential cost implications of a strike could be high as well as the loss of reputation	£ unknown	
Current Status	<i>What is the current position on introducing additional controls? What is the current Risk Rating</i>	Regular meetings with Union/non Union staff representatives are scheduled in advance	Impact	Likelihood
