Report author: Watford 2020 Programme Manager

Title: Watford 2020 Update

1.0 Summary

1.1. Watford 2020 is a transformational programme which will review the internal workings and processes of the entire organisation to develop and implement a new operating model¹ for Watford Borough Council.

1.2 In October 2017, Cabinet approved the vision of the programme to ensure that 'Watford in 2020 will be a customer-focused, digitally-enabled, commercially-minded council'. An Outline Business Case, presented to Cabinet in June 2018, and subsequently to Council in July 2018, provided an overview of both financial and non-financial benefits of the programme and the approach for realising them.

1.3 The Outline Business Case was approved and it was agreed that the council's Overview and Scrutiny Committee would receive regular updates on the progress of Watford 2020 in order to ensure continual oversight of the programme. The attached document is the programme status update report that provides an overview of the Watford 2020 programme and its constituent projects.
