

A photograph of a meeting table with documents and hands pointing at them. The background is a bright, modern office setting. In the foreground, several hands are visible, pointing at documents on a white table. A smartphone is also visible on the table. The overall scene suggests a collaborative work environment.

# **Watford Borough Council Draft audit planning report**

**Year ended 31 March 2020**

**11 March 2020**

11 March 2020

Watford Borough Council  
Town Hall, Hempstead Road,  
Watford  
WD17 3EX

Dear Audit Committee Members

Draft audit planning report

We are pleased to attach our Draft Audit Plan which sets out how we intend to carry out our responsibilities as your auditor. Its purpose is to provide the Audit Committee with a basis to review our proposed audit approach and scope for the 2019/20 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2015 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This Draft Audit Plan summarises our initial assessment of the key risks driving the development of an effective audit for the Council and outlines our planned audit strategy in response to those risks. Our planning procedures remain ongoing; we will inform the Audit Committee if there any significant changes or revisions once we have completed these procedures and will provide an update to the next meeting of the Committee.

This report is intended solely for the information and use of the Audit Committee and management, and is not intended to be and should not be used by anyone other than these specified parties.

We welcome the opportunity to discuss this report with you on 12 March 2020 as well as understand whether there are other matters which you consider may influence our audit.

Yours faithfully

Maria Grindley

For and on behalf of Ernst & Young LLP

# Contents

Public Sector Audit Appointments Ltd (PSAA) issued the "Statement of responsibilities of auditors and audited bodies". It is available from the PSAA website (<https://www.psaa.co.uk/audit-quality/statement-of-responsibilities/>). The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The "Terms of Appointment and further guidance (updated April 2018)" issued by the PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and in legislation, and covers matters of practice and procedure which are of a recurring nature.

This report is made solely to the Audit Committee and management of Watford Borough Council in accordance with the statement of responsibilities. Our work has been undertaken so that we might state to the Audit Committee, and management of Watford Borough Council those matters we are required to state to them in this report and for no other purpose. To the fullest extent permitted by law we do not accept or assume responsibility to anyone other than the Audit Committee and management of Watford Borough Council for this report or for the opinions we have formed. It should not be provided to any third-party without our prior written consent.

01

# Overview of our 2019/20 audit strategy

# Overview of our 2019/20 audit strategy

The following 'dashboard' summarises the draft significant accounting and auditing matters outlined in this report. It seeks to provide the Audit Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year.

## Audit risks and areas of focus

Risk / area of focus	Risk identified	Change from PY	Details
Incorrect Accounting for Manual Accruals - Risk of fraud in revenue and expenditure recognition	Fraud risk/ Significant risk	No change in risk or focus	Under ISA 240 there is a presumed risk that revenue may be misstated due to improper revenue recognition. In the public sector, this requirement is modified by Practice Note 10 issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition. Manual accruals are an area where estimation is a key factor in ensuring appropriate levels of accruals are included in the financial statements. Therefore due to the judgements involved it is one of the areas where this risk could manifest and one of the relevant accounts we associate revenue and expenditure recognition risk to.
Incorrect accounting for income from investment and leasehold properties - risk of fraud in revenue and expenditure recognition	Fraud risk / Significant risk	No change in risk or focus	As identified in ISA 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that would otherwise appear to be operating effectively. The Council has a significant income stream from investment and leasehold properties and we have identified the correct recognition of this income as the area this risk may manifest itself.
Accounting for the Acquisition of Croxley Business Park	Significant risk	No change in risk or focus	The Authority acquired a high value head lease interest in Croxley Business Park in July 2019. The Croxley Business Park acquisition will potentially materially affect not only Land and Buildings and Leasehold Creditors on the Statement of Financial Position but also other areas of the financial statements - income from investment properties, for example. We have raised this as a significant risk as we need to get assurance that the accounting treatment and disclosures are appropriate.
Valuation of Other Land and Buildings	Inherent risk	No change in risk	Management is required to provide material judgemental inputs and apply estimation techniques to calculate the year-end balances recorded in the balance sheet. Detailed valuation work for 2019/20 will be undertaken by the Council's valuers Avis and Young. We will review the methodology and assumptions used as part of the valuations to ensure they are appropriate.

# Overview of our 2019/20 audit strategy

The following 'dashboard' summarises the significant accounting and auditing matters outlined in this report. It seeks to provide the Audit Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year.

## Audit risks and areas of focus

Risk / area of focus	Risk identified	Change from PY	Details
Valuation of Pension Fund Assets and Liabilities	Inherent risk	No change in risk or focus	Asset and Liability values captured in Watford Borough Council's 2019-20 accounts will derive from information issued to the Council by the actuary to Hertfordshire County Council and will involve significant estimation and judgement.
Going Concern Compliance with ISA 570	Inherent risk	Increase in risk or focus	This auditing standard has been revised in response to enforcement cases and well-publicised corporate failures where the auditor's report failed to highlight concerns about the prospects of entities which collapsed shortly after. We will discuss the detailed implications of the new standard with finance staff during 2019/20 ahead of its application for 2020/21.
IFRS16 - leases	Inherent risk	Increase in risk or focus	Although the new standard will not be included in the CIPFA Code of Practice until 2020/21, work will be necessary to secure information required to enable authorities to fully assess their leasing position and ensure compliance with the standard from 1 April 2020.
Valuation of NNDR Appeals Provision	Inherent risk	No change in risk or focus	Watford Borough Council's NNDR Appeal Provision was valued at £5,700,000 at 31 March 2019. This is a high value estimate driven by complex calculations.

## Materiality

Materiality has been set at £1.59m, which represents 2% of the prior years gross expenditure on provision of services in the 2018-19 signed Statement of Accounts.

Planning materiality  
**£1.59m**

Performance materiality  
**£1.19m**

Audit differences  
**£79.3k**

Performance materiality has been set at £1.19m, which represents 75% of materiality.

We will report all uncorrected misstatements relating to the primary statements (comprehensive income and expenditure statement, balance sheet, movement in reserves statement, cash flow statement, housing revenue account and collection fund) greater than £79,300. Other misstatements identified will be communicated to the extent that they merit the attention of the Audit Committee.

# Overview of our 2019/20 audit strategy

## Audit scope

This Draft Audit Plan covers an initial outline of the work that we plan to perform to provide you with:

- Our audit opinion on whether the financial statements of Watford Borough Council give a true and fair view of the financial position as at 31 March 2020 and of the income and expenditure for the year then ended; and
- Our conclusion on the Council's arrangements to secure economy, efficiency and effectiveness.

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Council's Whole of Government Accounts return.

Our audit will also include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards. When planning the audit we take into account several key inputs:

- Strategic, operational and financial risks relevant to the financial statements;
- Developments in financial reporting and auditing standards;
- The quality of systems and processes;
- Changes in the business and regulatory environment; and,
- Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Council.

Taking the above into account, and as articulated in this audit plan, our professional responsibilities require us to independently assess the risks associated with providing an audit opinion and undertake appropriate procedures in response to that. Our Terms of Appointment with PSAA allow them to vary the fee dependent on "the auditors assessment of risk and the work needed to meet their professional responsibilities". PSAA are aware that the setting of scale fees has not kept pace with the changing requirements of external audit with increased focus on, for example, the valuations of land and buildings, the auditing of groups, the valuation of pension obligations, the introduction of new accounting standards such as IFRS 9 and 15 in recent years as well as the expansion of factors impacting the value for money conclusion. Therefore to the extent any of these or any other risks are relevant in the context of Watford Borough Council's audit, we will discuss these with management as to the impact on the scale fee.

Our final Audit Plan will be issued at the completion of our procedures for March 2020.

# 02 Audit risks

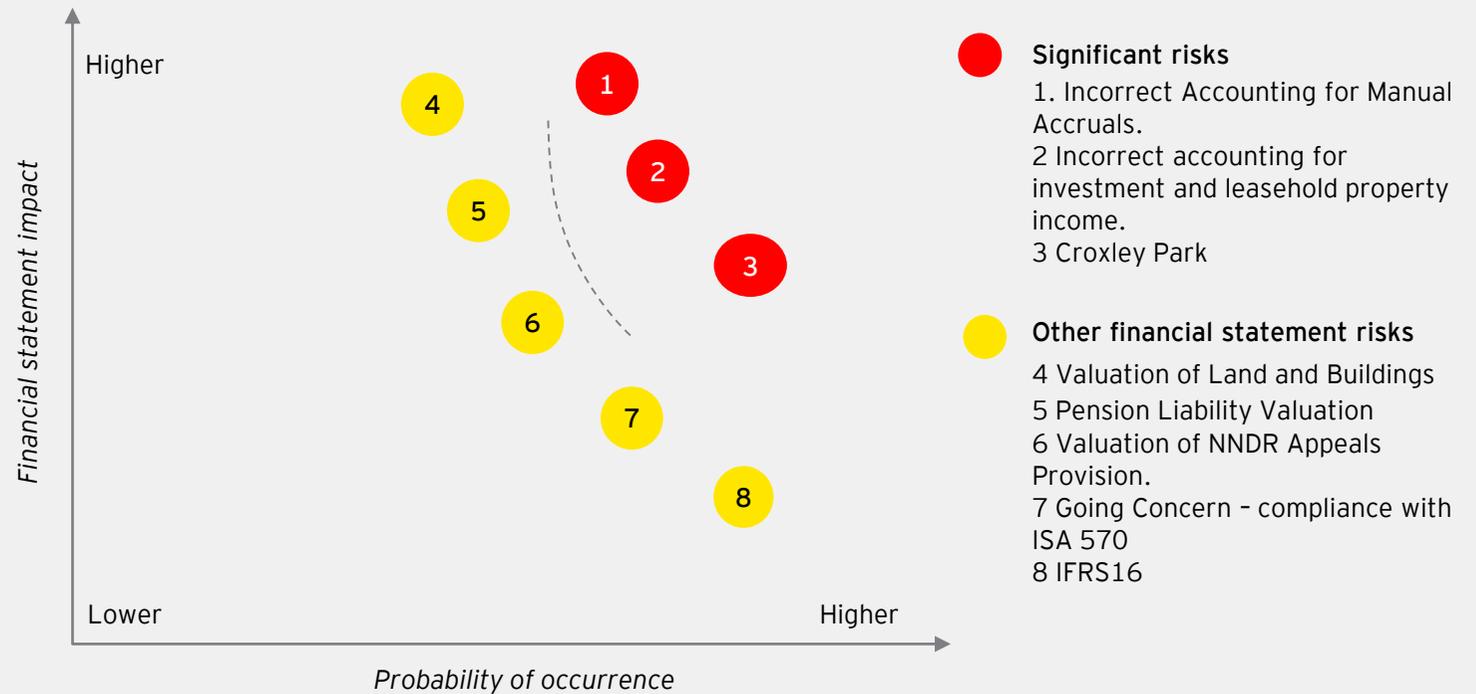

# Risk assessment

## Risk assessment

We have obtained an understanding of your strategy, reviewed your principal risks as identified in your 2018-19 Statement of Accounts and combined it with our understanding of the sector to identify key risks that impact our audit.

The following draft 'dashboard' summarises the significant matters that are relevant for planning our year-end audit:

## Audit risks

# Our response to significant risks

We have set out the significant risks (including fraud risks denoted by\*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

**Incorrect accounting for manual accruals - risk of fraud in revenue and expenditure recognition\***

### Financial statement impact

Misstatements that occur in relation to the risk of fraud or error in revenue and expenditure recognition could affect income and expenditure accounts. Manual accruals is one of the relevant accounts we associate revenue and expenditure recognition risk to.

**Manual accruals supported the following balances in the 2018-19 financial statements:**

**Net cost of services expenditure: £32.5 million.**

**Manual accruals: £3.8 million.**

### What is the risk?

Under ISA 240 there is a presumed risk that revenue may be misstated due to improper revenue recognition. In the public sector, this requirement is modified by Practice Note 10, issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition.

In considering how the risk of management override may present itself, we conclude that this is primarily through management taking action to override controls and manipulate in year financial transactions that impact the financial position.

A key way of improving the revenue position is through inappropriate timing or measurement of estimates, manual accruals around the year end being a typical estimate that could be affected.

### What will we do?

We will focus our journals testing strategy around the year-end period, with a particular focus on those manual entries that impact income and expenditure.

Where there is any management estimation or assumptions involved in the calculation of year end accruals we will ensure that the rationale provided by management is appropriate and clearly documented on file via minutes of conversations held by management.

In addition to the focused review of manual accruals our work will be part of a suite of mandatory procedures performed regardless of specifically identified fraud risks, including:

- ▶ Testing the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements;
- ▶ Assessing accounting estimates for evidence of management bias; and
- ▶ Evaluating the business rationale for significant unusual transactions.

To support our work on mandatory procedures, we will utilise our data analytics capabilities to assist with our work, including carrying out testing on the income and expenditure accounts and journal entry testing.

## Audit risks

# Our response to significant risks (continued)

We have set out the significant risks (including fraud risks denoted by\*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

**Incorrect accounting for income from investment and leasehold properties - risk of fraud in revenue and expenditure recognition\***

### Financial statement impact

Misstatements that occur in relation to the risk of fraud or error in revenue and expenditure recognition could affect income and expenditure accounts. Income from Investment Properties and Leasehold Properties is one of the relevant accounts we associate revenue and expenditure recognition risk to. Such income supported the following balances in the 2017-18 financial statements:

**(Income) / Expenditure in relation to investment property: £7.9 million.**

**Total Reserves: £215.7 million.**

### What is the risk?

Under ISA 240 there is a presumed risk that revenue may be misstated due to improper revenue recognition. In the public sector, this requirement is modified by Practice Note 10, issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition.

In considering how the risk of management override may present itself, we conclude that this is primarily through management taking action to override controls and manipulate in year financial transactions that impact the financial position.

A key way of improving the revenue position is through the inappropriate recognition of Investment property rental income from the properties held by the council and from leasehold properties.

We note that whilst such Income may have been £7,869,000 in 2018-19, with the acquisition of Croxley Business Park head lease from July 2019, this is expected to increase significantly. As 2019-20 will be the first year of managing and accounting for the Business Park, this will be the first year of allocating income streams to correct accounting periods for this asset and therefore recognized income could be more prone to fraud or error.

### What will we do?

We will review a sample of investment property and leasehold property income to confirm it is appropriately accounted for, particularly around the year end, given this is the first year of allocating income streams to correct accounting periods for this asset and could be more prone to fraud or error.

# Our response to significant risks (continued)

We have set out the significant risks (including fraud risks denoted by\*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

### Accounting for the Acquisition of Croxley Business Park

#### Financial statement impact

The Council acquired a high value head lease interest in Croxley Business Park in July 2019. Our procedures in 2018-19 included consideration of processes followed by the Council for evaluating this decision. The asset was understood at the time to be worth some £240 million. Latest indications from the Council now that acquisition has been completed, are that the asset could be worth significantly more.

#### What is the risk?

The Croxley Business Park acquisition will potentially materially affect not only Land and Buildings and Leasehold Creditors on the Statement of Financial Position but also other areas of the financial statements - income from investment properties, for example.

An accounting treatment paper was provided to the audit team in February 2020 and is under review at the time of writing this report. Areas of accounting treatment to consider include:

- valuation of the liability and the asset, including NPV calculations, asset life and incremental borrowing rate;
- financing and MRP;
- substance of cash back received at inception of the lease; and
- revisiting the conclusion last year to treat as an operational asset.

A large number of new transaction streams will be brought to account at a time when there is expected staff turnover within the Authority's finance team. It will be important that learning is captured and shared as the accounting treatment is reviewed, agreed and implemented.

#### What will we do?

We will continue to work with your finance team to understand and review your proposed accounting treatment and we will consult with our Financial Audit and Advisory Services specialist in this area. We will advise you of the scope and cost of EY accounting specialist input as the proposed accounting treatment is made clear.

We will revisit testing thresholds within affected areas and ensure that our usual procedures continue to meet the normal expectations of readers of the accounts.

We will retain documents of the agreed accounting treatment to support year on year comparisons as the asset progresses through its life cycle. We will seek to confirm that similar arrangements are in place within the authority.

Turning to testing the year end valuation of the Business Park, we will review data and assumptions and methodology of management's experts. As the asset is new and the leasehold interests are various, we anticipate engaging with EY internal valuers for an assessment of the valuation reported.

## Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures and therefore may be key audit matters we will include in our audit report.

### What is the risk/area of focus?

#### Valuation of Land and Buildings

Land and Buildings within Property, Plant and Equipment were valued at £80,559,000 at 31 March 2019 and Investment Properties were valued at £174,133,000 as at that date. These represent significant balances in Watford Borough Council's accounts and will be subject to valuation changes. Management is required to provide material judgemental inputs and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.

Detailed valuation work was undertaken in 2018-19 by the Council's valuers Bilfinger GVA. They undertook detailed revaluation work at the end of December 2018 and the Council applied an adjustment to reflect estimated valuation movements in the last three months of the year.

The valuers for 2019-20 will be Avis and Young. Our procedures will include a review of the scope and timing of their work; data, methodology and assumptions.

### What will we do?

We will:

- ▶ Consider the work performed by the Council's valuers Avis and Young, including the scope and timing of the work performed on valuations and a comparison of valuation findings with market trends and Land Registry data; data and assumptions used by the valuers; and qualifications and expertise;
- ▶ Confirm effective procedures are applied by the Council to any roll forward valuations from 31 December 2019 to the year end;
- ▶ Consider the annual cycle of valuations to ensure that assets have been valued within a 5 year rolling programme as required by the Code for PPE and annually for Investment Properties. We will also consider if there are any specific changes to assets that have occurred and that these have been communicated to the valuer;
- ▶ Review any assets not subject to valuation in 2019/20 to confirm that the remaining asset base is not materially misstated. Consider changes to useful economic lives as a result of the most recent valuation;
- ▶ Test accounting entries have been correctly processed in the financial statements; and
- ▶ Review valuer reports and findings to determine whether specialist EY valuer review of methodologies, data and assumptions is required.
- ▶ Should EY specialist valuer support become necessary, we will advise you promptly of scope and cost.

## Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures and therefore may be key audit matters we will include in our audit report.

### What is the risk/area of focus?

#### Going Concern Compliance with ISA 570

This auditing standard has been revised in response to enforcement cases and well-publicised corporate failures where the auditor's report failed to highlight concerns about the prospects of entities which collapsed shortly after.

The revised standard is effective for audits of financial statements for periods commencing on or after 15 December 2019, which for the Council will be the audit of the 2020/21 financial statements. The revised standard increases the work we are required to perform when assessing whether the Council is a going concern. It means UK auditors will follow significantly stronger requirements than those required by current international standards; and we have therefore judged it appropriate to bring this to the attention of the Audit Committee.

The CIPFA Guidance Notes for Practitioners 2019/20 accounts states 'The concept of a going concern assumes that an authority's functions and services will continue in operational existence for the foreseeable future. The provisions in the Code in respect of going concern reporting requirements reflect the economic and statutory environment in which local authorities operate. These provisions confirm that, as authorities cannot be created or dissolved without statutory prescription, they must prepare their financial statements on a going concern basis of accounting.'

'If an authority were in financial difficulty, the prospects are thus that alternative arrangements might be made by central government either for the continuation of the services it provides or for assistance with the recovery of a deficit over more than one financial year. As a result of this, it would not therefore be appropriate for local authority financial statements to be provided on anything other than a going concern basis.'

### What will we do?

The revised standard requires:

- ▶ auditor's challenge of management's identification of events or conditions impacting going concern, more specific requirements to test management's resulting assessment of going concern, an evaluation of the supporting evidence obtained which includes consideration of the risk of management bias;
- ▶ greater work for us to challenge management's assessment of going concern, thoroughly test the adequacy of the supporting evidence we obtained and evaluate the risk of management bias. Our challenge will be made based on our knowledge of the Authority obtained through our audit, which will include additional specific risk assessment considerations which go beyond the current requirements;
- ▶ improved transparency with a new reporting requirement for public interest entities, listed and large private companies to provide a clear, positive conclusion on whether management's assessment is appropriate, and to set out the work we have done in this respect. While the Council are not one of the three entity types listed, we will ensure compliance with any updated reporting requirements;
- ▶ a stand back requirement to consider all of the evidence obtained, whether corroborative or contradictory, when we draw our conclusions on going concern; and
- ▶ necessary consideration regarding the appropriateness of financial statement disclosures around going concern.

The revised standard extends requirements to report to regulators where we have concerns about going concern.

We will discuss the detailed implications of the new standard with finance staff during 2019/20 ahead of its application for 2020/21.

## Audit risks

### Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures and therefore may be key audit matters we will include in our audit report.

#### What is the risk/area of focus?

##### Valuation of Pension Fund Assets and Liabilities

The Local Authority Accounting Code of Practice and IAS19 require the Council to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme administered by Hertfordshire County Council.

Watford Borough Council's pension fund assets and liabilities are material estimated balances and the Code requires that the liability be disclosed on the Council's balance sheet. At 31 March 2019 the net liability was valued at £63,053,000. As noted in our Audit Results Report for 2018-19, this balance was stated gross of an adjustment to increase pension fund liabilities by £1,106,000, to reflect the impact of the McCloud ruling.

Asset and Liability values captured in Watford Borough Council's 2018-19 accounts will again derive from information issued to the Council by the actuary to Hertfordshire County Council and will again involve significant estimation and judgement.

##### Valuation of NNDR Appeals Provision

Watford Borough Council's NNDR Appeal Provision was valued at £5,700,000 at 31 March 2019. This is a high value estimate driven by complex calculations.

#### What will we do?

##### We will:

- ▶ Liaise with the auditors of Hertfordshire County Council Pension Fund, to obtain assurances over the information supplied to the actuary in relation to Watford Borough Council;
- ▶ Assess the work of the Pension Fund actuary (Hymans Robertson) including the assumptions they have used; and
- ▶ Review and test the accounting entries and disclosures made within Watford Borough Council's financial statements in relation to IAS19.

##### We will:

- ▶ Consider the work performed by Inform, including the scope of the work, data provided to Inform and assumptions used; and
- ▶ Compare the level of appeals at 31 March 2019 and 31 March 2019 to assess the reasonableness of amounts provided for at year end.

## Audit risks

### Other areas of audit focus (continued)

#### What is the risk/area of focus?

##### IFRS16 - leases

IFRS 16 Leases was issued by the IASB in 2016. Its main impact is to remove (for lessees) the traditional distinction between finance leases and operating leases. Finance leases have effectively been accounted for as acquisitions (with the asset on the balance sheet, together with a liability to pay for the asset acquired). In contrast, operating leases have been treated as “pay as you go” arrangements, with rentals expensed in the year they are paid. IFRS 16 requires all substantial leases to be accounted for using the acquisition approach, recognising the rights acquired to use an asset.

Implementation of IFRS 16 will be included in the Code of Practice on Local Authority Accounting in the United Kingdom (the Code) for 2020/21. This Code has yet to be published, but in July 2019 CIPFA/LASAAC issued ‘IFRS 16 leases and early guide for practitioners’.

This early guidance provides comprehensive coverage of the requirements of the forthcoming provisions, including:

- ▶ the identification of leases
- ▶ the recognition of right-of-use assets and liabilities and their subsequent measurement
- ▶ treatment of gains and losses
- ▶ derecognition and presentation and disclosure in the financial statements,
- ▶ the management of leases within the Prudential Framework.

The guidance also covers the transitional arrangements for moving to these new requirements, such as:

- ▶ the recognition of right-of-use assets and liabilities for leases previously accounted for as operating leases by lessees
- ▶ the mechanics of making the transition in the 2020/21 financial statements (including the application of transitional provisions and the preparation of relevant disclosure notes).

#### What will we do?

IFRS 16 - leases introduces a number of significant changes which go beyond accounting technicalities. For example, the changes have the potential to impact on procurement processes as more information becomes available on the real cost of leases.

The key accounting impact is that assets and liabilities in relation to significant lease arrangements previously accounted for as operating leases will need to be recognised on the balance sheet.

Although the new standard will not be included in the CIPFA Code of Practice until 2020/21, work will be necessary to secure information required to enable authorities to fully assess their leasing position and ensure compliance with the standard from 1 April 2020.

In particular, full compliance with the revised standard for 2020/21 is likely to require a detailed review of existing lease and other contract documentation prior to 1 April 2020 in order to identify:

- ▶ all leases which need to be accounted for
- ▶ the costs and lease term which apply to the lease
- ▶ the value of the asset and liability to be recognised as at 1 April 2020 where a lease has previously been accounted for as an operating lease.

We will discuss progress made in preparing for the implementation of IFRS 16 - leases with the finance team over the course of our 2019/20 audit.

03

## Value for Money Risks

## Background

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. This is known as our value for money conclusion.

For 2019/20 this is based on the overall evaluation criterion:

“In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people”

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

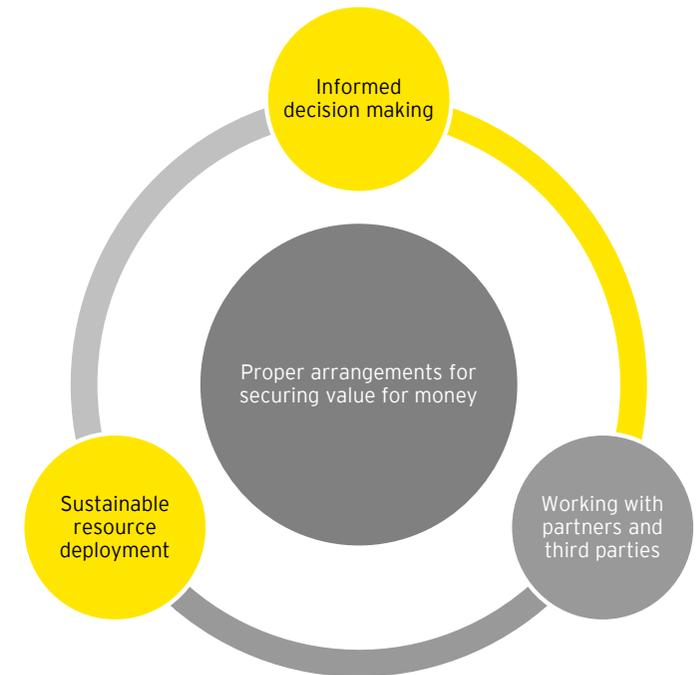

In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

We are only required to determine whether there are any risks that we consider significant, which the Code of Audit Practice defines as:

“A matter is significant if, in the auditor’s professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public”

Our risk assessment supports the planning of sufficient work to enable us to deliver a safe conclusion on arrangements to secure value for money and enables us to determine the nature and extent of further work that may be required. If we do not identify any significant risks there is no requirement to carry out further work. We consider business and operational risks insofar as they relate to proper arrangements at both sector and organisation-specific level. In 2018/19 this has included consideration of the steps taken by the Council to analyse and evaluate the decision to purchase the high value head lease of Croxley Business Park.

At the time of writing this report, our value for money planning for 2019/20 had not yet been undertaken. Our risk assessment for 2019/20 will be communicated in the Audit Plan issued at the completion of our procedures for March 2020.

04

# Audit materiality

# Materiality

## Materiality

For planning purposes, materiality for 2019/20 has been set at £1.59m. This represents 2% of the Council's prior year gross expenditure on provision of services. It will be reassessed throughout the audit process. We have provided supplemental information about audit materiality in Appendix D.

We request that the Audit Committee confirm its understanding of, and agreement to, these materiality and reporting levels.

## Key definitions

**Planning materiality** - the amount over which we anticipate misstatements would influence the economic decisions of a user of the financial statements.

**Performance materiality** - the amount we use to determine the extent of our audit procedures. We have set performance materiality at £1.19m which represents 75% of planning materiality, reflecting the relatively low incidence of adjusted differences (£1,106k McCloud) and unadjusted differences (two differences with a net impact that would have increased assets by £175,000).

**Component performance materiality range** - we determine component performance materiality as a percentage of Group performance materiality based on risk and relative size to the Group. This will be reported in our updated Audit Planning Report when Group scoping is complete.

**Audit difference threshold** - we propose that misstatements identified below this threshold are deemed clearly trivial. The same threshold for misstatements is used for component reporting. We will report to you all uncorrected misstatements over this amount relating to the comprehensive income and expenditure statement, balance sheet, housing revenue account and collection fund that have an effect on income or that relate to other comprehensive income.

Other uncorrected misstatements, such as reclassifications and misstatements in the cashflow statement and movement in reserves statement or disclosures, and corrected misstatements will be communicated to the extent that they merit the attention of the audit committee, or are important from a qualitative perspective.

**Specific materiality** - We have set a materiality of £1k for remuneration disclosures, related party transactions, members' allowances and exit packages which reflects our understanding that an amount less than our materiality would influence the economic decisions of users of the financial statements in relation to this.

05

## Scope of our audit

## Our Audit Process and Strategy

### Objective and Scope of our Audit scoping

Under the Code of Audit Practice our principal objectives are to review and report on the Council's financial statements and arrangements for securing economy, efficiency and effectiveness in its use of resources to the extent required by the relevant legislation and the requirements of the Code.

We issue an audit report that covers:

#### 1. Financial statement audit

Our objective is to form an opinion on the financial statements under International Standards on Auditing (UK).

We also perform other procedures as required by auditing, ethical and independence standards, the Code and other regulations. We outline below the procedures we will undertake during the course of our audit.

#### Procedures required by standards

- Addressing the risk of fraud and error;
- Significant disclosures included in the financial statements;
- Entity-wide controls;
- Reading other information contained in the financial statements and reporting whether it is inconsistent with our understanding and the financial statements; and
- Auditor independence.

#### Procedures required by the Code

- Reviewing, and reporting on as appropriate, other information published with the financial statements, including the Annual Governance Statement; and
- Reviewing and reporting on the Whole of Government Accounts return, in line with the instructions issued by the NAO.

#### 2. Arrangements for securing economy, efficiency and effectiveness (value for money)

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.

## Our Audit Process and Strategy (continued)

### Audit Process Overview

Our audit involves:

- ▶ Identifying and understanding the key processes and internal controls; and
- ▶ Substantive tests of detail of transactions and amounts.

For 2019/20 we plan to follow a substantive approach to the audit as we have concluded this is the most efficient way to obtain the level of audit assurance required to conclude that the financial statements are not materially misstated.

Analytics:

We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- ▶ Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests; and
- ▶ Give greater likelihood of identifying errors than random sampling techniques.

We will report the findings from our process and analytics work, including any significant weaknesses or inefficiencies identified and recommendations for improvement, to management and the Audit Committee.

Internal audit:

We will regularly meet with the Head of Internal Audit, and review internal audit plans and the results of their work. We will reflect the findings from these reports, together with reports from any other work completed in the year, in our detailed audit plan, where they raise issues that could have an impact on the financial statements.

## Scoping the group audit

### Group scoping

Our audit strategy for performing an audit of an entity with multiple locations is risk based. We identify components as:

- 1. Significant components:** A component is significant when it is likely to include risks of material misstatement of the group financial statements, either because of its relative financial size to the group (quantitative criteria), or because of its specific nature or circumstances (qualitative criteria). We generally assign significant components a full or specific scope given their importance to the financial statements.
- 2. Not significant components:** The number of additional components and extent of procedures performed depended primarily on: evidence from significant components, the effectiveness of group wide controls and the results of analytical procedures.

For all other components we perform other procedures to confirm that there is no risk of material misstatement within those locations.

At the time of writing this report, our group scoping was not yet complete.

## Scoping the group audit

### Scope definitions

**Full scope:** locations where a full audit is performed to the materiality levels assigned by the Group audit team for purposes of the consolidated audit. Procedures performed at full scope locations support an interoffice conclusion on the reporting package. These may not be sufficient to issue a stand-alone audit opinion on the local statutory financial statements because of the materiality used and any additional procedures required to comply with local laws and regulations.

**Specific scope:** locations where the audit is limited to specific accounts or disclosures identified by the Group audit team based on the size and/or risk profile of those accounts.

**Review scope:** locations where procedures primarily consist of analytical procedures and inquiries of management. On-site or desk top reviews may be performed, according to our assessment of risk and the availability of information centrally.

**Specified Procedures:** locations where the component team performs procedures specified by the Group audit team in order to respond to a risk identified.

**Other procedures:** For those locations that we do not consider material to the Group financial statements in terms of size relative to the Group and risk, we perform other procedures to confirm that there is no risk of material misstatement within those locations.

### Key changes in scope from last year

Key changes in scope from last year will be advised when our scoping is complete.

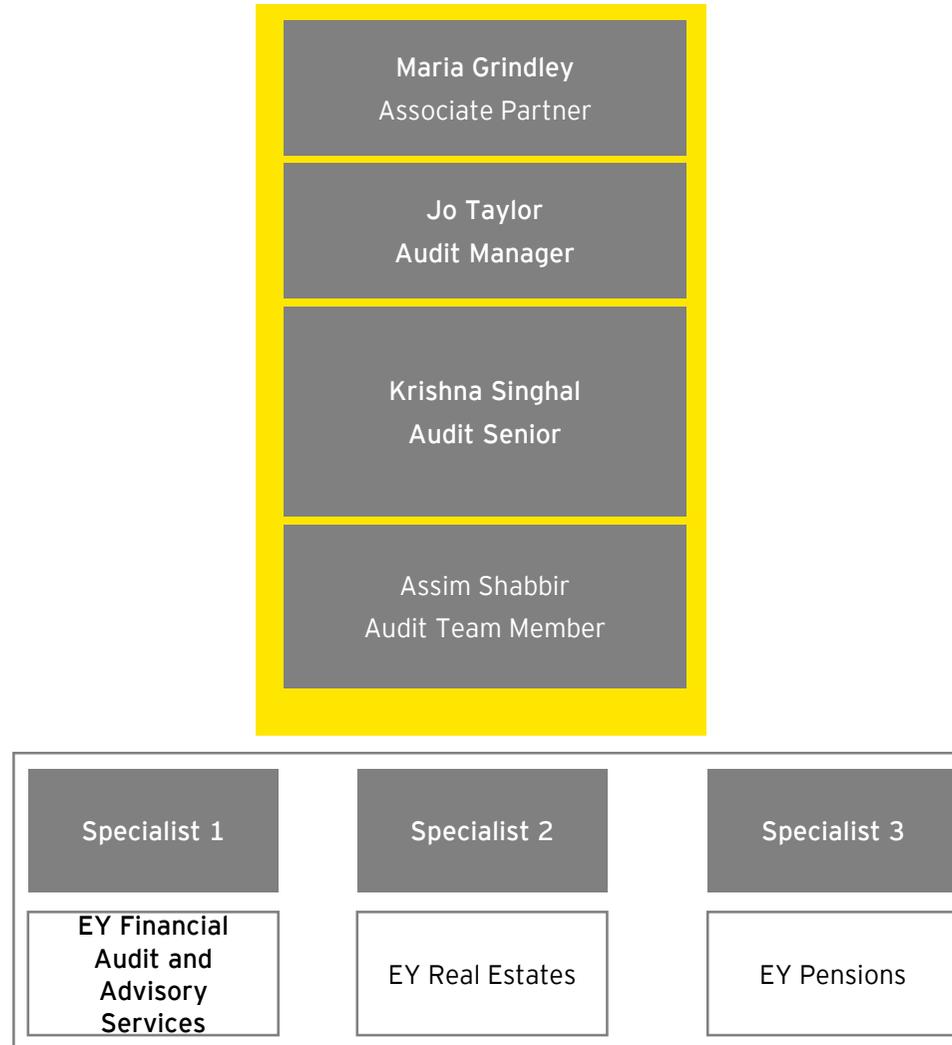

06

## Audit team

# Audit team

**Audit team structure:**

\* Key Audit Partner

## Audit team

---

### Use of specialists

When auditing key judgements, we are often required to rely on the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where either EY or third party specialists provide input for the current year audit are:

Area	Specialists
Accounting for Croxley Park	EY Financial Audit and Advisory Services
Valuation of Land and Buildings	EY Valuations Team
Pensions disclosure	PWC and EY Actuaries

In accordance with Auditing Standards, we will evaluate each specialist's professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Council's business and processes and our assessment of audit risk in the particular area. For example, we would typically perform the following procedures:

- ▶ Analyse source data and make inquiries as to the procedures used by the specialist to establish whether the source data is relevant and reliable;
- ▶ Assess the reasonableness of the assumptions and methods used;
- ▶ Consider the appropriateness of the timing of when the specialist carried out the work; and
- ▶ Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

## Audit timeline

## Audit timeline

# Timetable of communication and deliverables

### Timeline

Below is a timetable showing the key stages of the audit and the deliverables we have agreed to provide to you through the audit cycle in 2019/20.

From time to time matters may arise that require immediate communication with the Audit Committee and we will discuss them with the Audit Committee Chair as appropriate. We will also provide updates on corporate governance and regulatory matters as necessary.

Audit phase	Timetable of Work	Audit committee timetable	Deliverables
Planning: Risk assessment and setting of scopes.	February/ March		
Walkthrough of key systems and processes	February/ March	Audit Committee 12 <sup>th</sup> March 2020	Draft Audit Planning Report
Testing of routine processes and controls Interim audit testing	March	Audit Committee Date TBC	Final Audit Planning Report and verbal update on progress
Year end audit Audit Completion procedures	August/ September	Audit Committee Date TBC	Audit Results Report Audit opinions and completion certificates
	October	Audit Committee Date TBC	Annual Audit Letter

08

Independence

## Introduction

The FRC Ethical Standard and ISA (UK) 260 “Communication of audit matters with those charged with governance”, requires us to communicate with you on a timely basis on all significant facts and matters that bear upon our integrity, objectivity and independence. The Ethical Standard, as revised in June 2016, requires that we communicate formally both at the planning stage and at the conclusion of the audit, as well as during the course of the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

### Required communications

Planning stage	Final stage
<ul style="list-style-type: none"> <li>▶ The principal threats, if any, to objectivity and independence identified by Ernst &amp; Young (EY) including consideration of all relationships between the you, your affiliates and directors and us;</li> <li>▶ The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality review;</li> <li>▶ The overall assessment of threats and safeguards;</li> <li>▶ Information about the general policies and process within EY to maintain objectivity and independence.</li> <li>▶ Where EY has determined it is appropriate to apply more restrictive independence rules than permitted under the Ethical Standard [note: additional wording should be included in the communication reflecting the client specific situation]</li> </ul>	<ul style="list-style-type: none"> <li>▶ In order for you to assess the integrity, objectivity and independence of the firm and each covered person, we are required to provide a written disclosure of relationships (including the provision of non-audit services) that may bear on our integrity, objectivity and independence. This is required to have regard to relationships with the entity, its directors and senior management, its affiliates, and its connected parties and the threats to integrity or objectivity, including those that could compromise independence that these create. We are also required to disclose any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed;</li> <li>▶ Details of non-audit services provided and the fees charged in relation thereto;</li> <li>▶ Written confirmation that the firm and each covered person is independent and, if applicable, that any non-EY firms used in the group audit or external experts used have confirmed their independence to us;</li> <li>▶ Written confirmation that all covered persons are independent;</li> <li>▶ Details of any inconsistencies between FRC Ethical Standard and your policy for the supply of non-audit services by EY and any apparent breach of that policy;</li> <li>▶ Details of any contingent fee arrangements for non-audit services provided by us or our network firms; and</li> <li>▶ An opportunity to discuss auditor independence issues.</li> </ul>

In addition, during the course of the audit, we are required to communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of safeguards put in place, for example, when accepting an engagement to provide non-audit services.

We also provide information on any contingent fee arrangements, the amounts of any future services that have been contracted, and details of any written proposal to provide non-audit services that has been submitted;

We ensure that the total amount of fees that EY and our network firms have charged to you and your affiliates for the provision of services during the reporting period, analysed in appropriate categories, are disclosed.

## Relationships, services and related threats and safeguards

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including the principal threats, if any. We have adopted the safeguards noted below to mitigate these threats along with the reasons why they are considered to be effective. However we will only perform non-audit services if the service has been pre-approved in accordance with your policy.

### Overall Assessment

Overall, we consider that the safeguards that have been adopted appropriately mitigate the principal threats identified and we therefore confirm that EY is independent and the objectivity and independence of Maria Grindley, your audit engagement partner and the audit engagement team have not been compromised.

### Self interest threats

A self interest threat arises when EY has financial or other interests in the Council. Examples include where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with you. At the time of writing, there are no long outstanding fees.

We believe that it is appropriate for us to undertake permissible non-audit services and we will comply with the policies that you have approved.

None of the services are prohibited under the FRC's ES or the National Audit Office's Auditor Guidance Note 01 and the services have been approved in accordance with your policy on pre-approval. The ratio of non audit fees to audits fees is not permitted to exceed 70%.

At the time of writing, no non audit services were planned. No additional safeguards are required.

A self interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to you. We confirm that no member of our audit engagement team, including those from other service lines, has objectives or is rewarded in relation to sales to you, in compliance with Ethical Standard part 4. There are no other self interest threats at the date of this report.

### Self review threats

Self review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements. There are no self review threats at the date of this report.

### Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of the Council. Management threats may also arise during the provision of a non-audit service in relation to which management is required to make judgements or decision based on that work.

There are no management threats at the date of this report.

### Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise.

There are no other threats at the date of this report. / The table below sets out the other threats that exist as the date of this report.

## New UK Independence Standards

The Financial Reporting Council (FRC) published the Revised Ethical Standard 2019 in December and it will apply to accounting periods starting on or after 15 March 2020. A key change in the new Ethical Standard will be a general prohibition on the provision of non-audit services by the auditor (and its network) which will apply to UK Public Interest Entities (PIEs). A narrow list of permitted services will continue to be allowed.

### Summary of key changes

- Extraterritorial application of the FRC Ethical Standard to UK PIE and its worldwide affiliates
- A general prohibition on the provision of non-audit services by the auditor (or its network) to a UK PIE, its UK parent and worldwide subsidiaries
- A narrow list of permitted services where closely related to the audit and/or required by law or regulation
- Absolute prohibition on the following relationships applicable to UK PIE and its affiliates including material significant investees/investors:
  - Tax advocacy services
  - Remuneration advisory services
  - Internal audit services
  - Secondment/loan staff arrangements
- An absolute prohibition on contingent fees.
- Requirement to meet the higher standard for business relationships i.e. business relationships between the audit firm and the audit client will only be permitted if it is inconsequential.
- Permitted services required by law or regulation will not be subject to the 70% fee cap.
- Grandfathering will apply for otherwise prohibited non-audit services that are open at 15 March 2020 such that the engagement may continue until completed in accordance with the original engagement terms.
- A requirement for the auditor to notify the Audit Committee where the audit fee might compromise perceived independence and the appropriate safeguards.
- A requirement to report to the audit committee details of any breaches of the Ethical Standard and any actions taken by the firm to address any threats to independence. A requirement for non-network component firm whose work is used in the group audit engagement to comply with the same independence standard as the group auditor. Our current understanding is that the requirement to follow UK independence rules is limited to the component firm issuing the audit report and not to its network. This is subject to clarification with the FRC.

### Next Steps

We will We do not provide any non-audit services which would be prohibited under the new standard.

## Other communications

### EY Transparency Report 2019

Ernst & Young (EY) has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes in place within EY for maintaining objectivity and independence can be found in our annual Transparency Report which the firm is required to publish by law. The most recent version of this Report is for the year end 30 June 2019:

[https://www.ey.com/Publication/vwLUAssets/ey-uk-2019-transparency-report/\\$FILE/ey-uk-2019-transparency-report.pdf](https://www.ey.com/Publication/vwLUAssets/ey-uk-2019-transparency-report/$FILE/ey-uk-2019-transparency-report.pdf)

## Appendices

## Appendix A

### Fees

The duty to prescribe fees is a statutory function delegated to Public Sector Audit Appointments Ltd (PSAA) by the Secretary of State for Housing, Communities and Local Government.

This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the requirements of the Code of Audit Practice and supporting guidance published by the National Audit Office, the financial reporting requirements set out in the Code of Practice on Local Authority Accounting published by CIPFA/LASAAC, and the professional standards applicable to auditors' work.

	Planned fee 2019/20	Scale fee 2019/20	Final Fee 2018/19
	£	£	£
Total Fee - Code work	40,021	40,021	40,020
Other	TBC		
<b>Total audit</b>	<b>TBC</b>	<b>40,021</b>	<b>40,020</b>
Other non-audit services not covered above (Housing Benefits)	TBC		TBC
<b>Total other non-audit services</b>	<b>0</b>		<b>0</b>
<b>Total fees</b>	<b>0</b>		<b>0</b>

#### **All fees exclude VAT**

(1) At the time of writing this report, the 2018/19 Code work additional fees were still under calculation and the amount of any 40+ work for 2019/20 was still under consideration.

(2) The 18/19 work has just been completed and a final fee will be determined shortly. For 19/20 the planned fee represents the base fee, i.e. not including any extended testing.

(3) For 2019/20, the scale fee will be impacted by a range of factors (see page 7) which will result in additional work. An estimate of the potential additional fee for this will be provided at the completion of our procedures for March 2020. The issues which we have identified at the planning stage which will impact on the fee include:

- The need to engage EY Financial Accounting Specialists to review the accounting treatments for Croxley Park ; and
- Potentially the need to engage EY valuation specialists given for example the change of Council's valuer.

In addition, we are driving greater innovation in the audit through the use of technology. The significant investment costs in this global technology continue to rise as we seek to provide enhanced assurance and insight in the audit.

The agreed fee presented is based on the following assumptions:

- Officers meeting the agreed timetable of deliverables;
- Our accounts opinion and value for money conclusion being unqualified;
- Appropriate quality of documentation is provided by the Council; and
- The Council has an effective control environment.

If any of the above assumptions prove to be unfounded, we will seek a variation to the agreed fee. This will be discussed with the Council in advance.

Fees for the auditor's consideration of correspondence from the public and formal objections will be charged in addition to the scale fee.

## Appendix B

# Required communications with the Audit Committee

We have detailed the communications that we must provide to the Audit Committee.

		 Our Reporting to you
<b>Required communications</b>	 <b>What is reported?</b>	 <b>When and where</b>
Terms of engagement	Confirmation by the Audit Committee of acceptance of terms of engagement as written in the engagement letter signed by both parties.	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies.
Our responsibilities	Reminder of our responsibilities as set out in the engagement letter	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies.
Planning and audit approach	Communication of the planned scope and timing of the audit, any limitations and the significant risks identified.	Audit planning report
Significant findings from the audit	<ul style="list-style-type: none"> <li>▶ Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures</li> <li>▶ Significant difficulties, if any, encountered during the audit</li> <li>▶ Significant matters, if any, arising from the audit that were discussed with management</li> <li>▶ Written representations that we are seeking</li> <li>▶ Expected modifications to the audit report</li> <li>▶ Other matters if any, significant to the oversight of the financial reporting process</li> </ul>	Audit results report

## Appendix B

# Required communications with the Audit Committee (continued)

			 Our Reporting to you
Required communications	 What is reported?	 When and where	
Going concern	<p>Events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including:</p> <ul style="list-style-type: none"> <li>▶ Whether the events or conditions constitute a material uncertainty</li> <li>▶ Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements</li> <li>▶ The adequacy of related disclosures in the financial statements</li> </ul>	Audit results report	
Misstatements	<ul style="list-style-type: none"> <li>▶ Uncorrected misstatements and their effect on our audit opinion, unless prohibited by law or regulation</li> <li>▶ The effect of uncorrected misstatements related to prior periods</li> <li>▶ A request that any uncorrected misstatement be corrected</li> <li>▶ Corrected misstatements that are significant</li> <li>▶ Material misstatements corrected by management</li> </ul>	Audit results report	
Fraud	<ul style="list-style-type: none"> <li>▶ Enquiries of the Audit Committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity</li> <li>▶ Any fraud that we have identified or information we have obtained that indicates that a fraud may exist</li> <li>▶ A discussion of any other matters related to fraud</li> </ul>	Audit results report	
Related parties	<ul style="list-style-type: none"> <li>▶ Significant matters arising during the audit in connection with the entity's related parties including, when applicable:</li> <li>▶ Non-disclosure by management</li> <li>▶ Inappropriate authorisation and approval of transactions</li> <li>▶ Disagreement over disclosures</li> <li>▶ Non-compliance with laws and regulations</li> <li>▶ Difficulty in identifying the party that ultimately controls the entity</li> </ul>	Audit results report

Certification work	Summary of certification work undertaken	Certification report

## Additional audit information

### Other required procedures during the course of the audit

In addition to the key areas of audit focus outlined in section 2, we have to perform other procedures as required by auditing, ethical and independence standards and other regulations. We outline the procedures below that we will undertake during the course of our audit.

#### Our responsibilities required by auditing standards

- ▶ Identifying and assessing the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- ▶ Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group/ and Council's internal control.
- ▶ Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Concluding on the appropriateness of management's use of the going concern basis of accounting.
- ▶ Evaluating the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ▶ Obtaining sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group/ and Council to express an opinion on the consolidated financial statements. Reading other information contained in the financial statements, the Audit Committee reporting appropriately addresses matters communicated by us to the Audit Committee and reporting whether it is materially inconsistent with our understanding and the financial statements; and
- ▶ Maintaining auditor independence.

## Additional audit information (continued)

### Purpose and evaluation of materiality

For the purposes of determining whether the accounts are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in the aggregate, in light of the surrounding circumstances, could reasonably be expected to influence the economic decisions of the users of the financial statements. Our evaluation of it requires professional judgement and necessarily takes into account qualitative as well as quantitative considerations implicit in the definition. We would be happy to discuss with you your expectations regarding our detection of misstatements in the financial statements.

Materiality determines:

- ▶ The locations at which we conduct audit procedures to support the opinion given on the Group financial statements; and
- ▶ The level of work performed on individual account balances and financial statement disclosures.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all of the circumstances that may ultimately influence our judgement about materiality. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the accounts, including the total effect of the audit misstatements we identify, and our evaluation of materiality at that date.
