Summary of Council Recycling Schemes in England

Source: WRAP LA Portal <https://laportal.wrap.org.uk/dashboard>

There are 295 LA's in England, of these 171 operate a co-mingled service (similar to Watford. 134 councils out of the 171 collect recycling fortnightly – 78%.

Detailed analysis of schemes have been carried out of 62 councils details below. Analysis of schemes show that the container type and property type should be taken into consideration when making decisions on collection frequency. Overall where wheelie bins are used fortnightly is the most common frequency of collection.

Council	Notes	Low Rise Container	Co-Mingled recycling Container	Frequency	Communal Container	Frequency	Houses Container	Frequency	Residual Communal Container	Frequency	Food	Garden	Recycling rate	Rurality
Braintree District Council		Sacks	Fortnightly		1100	Weekly	180	Fortnightly	1100	Weekly	Weekly	Fortnightly	47%	Rurality 8: Predominantly rural, mid deprivation
