Going Beyond

Our Delivery Plan for 2024-26

100 THINGS WE WILL DO IN THE NEXT TWO YEARS

Success for Watford means having the big, bold ideas that set us apart as, but also ensuring we have the skills, the robust plans and the resources in place to turn our ambitions into a reality, and deliver for each and every one of our residents.

We are a council that prides itself on not only working for our community, but alongside them. Our Council Plan 2022-26 sets out how we will achieve our ambitions, breaking them down into overarching themes. It's a holistic plan that aims to serve all our residents, build a greener, brighter future, and create the conditions that will help our inspiring and creative town, and our diverse, talented community, to flourish and thrive for the long term. Are our plans ambitious? Yes, they are. But we're driven by our deep pride in our town and a shared purpose to make Watford a great place to live, visit and invest.

This Delivery Plan 2024-26 explains the focus and priorities that will help bring our Council Plan to life, steering our course over the next two years, and keeping us on track to deliver on our ambitions. Priority actions are clearly set out under each theme. These actions not only support delivery, but are designed to interlink for maximum efficiency for both the immediate future and the bigger picture for Watford.

One Team for Watford

The success of our Delivery Plan relies on working together. At Watford, we look beyond the confines of a traditional council structure, working as one team with our partners to deliver success. The more we achieve together, the more we're inspired to achieve, and we welcome regular checks on how well we're delivering on the goals we have set for ourselves, and our town. We'll report our progress to our Elected Mayor, Cabinet and Overview and Scrutiny Committee on a quarterly basis and publish an annual update for our residents and community, to keep everyone informed and reassure them we're working hard to deliver on our ambitions. This Delivery Plan is an

overview and does not cover every detail of our broad remit as a council, but the same rigour and high standards apply to everything we do, and the many services and projects we deliver across Watford.

Our new People Strategy and comprehensive Financial Plan sit alongside both our Council and Delivery Plans. Our People Strategy demonstrates how we plan to support our staff to reach their full potential and put their skills and talents to work to meet the challenges on the road ahead; whilst our Financial Plan forms the essential link between our budget and our ambitions.

Where we do recruit, we will appoint the best, ensuring we recruit people with the right experience and behaviours to be part of 'Team Watford'.
97. Embed our values so they inspire our teams to achieve even more and underpin how we work.	We will continue on our journey to ensure our values underpin everything we do, working with the Member Development Group to ensure that these are embedded by members and officers alike. Internally, this will be supported by the roll out of our new behavioural framework, in line with our refreshed Performance Development Review process.
98. Refresh our Organisational Development approach so that it effectively underpins and supports our Council Plan.	We will develop and deliver a new four-year People Strategy to ensure we develop, motivate and inspire our colleagues so they are supported and empowered to do their best for our residents and businesses.
99. Seek and implement opportunities for our people to have fulfilling local government careers.	We will continue to support apprenticeship opportunities for our teams, providing them with experience, skills and knowledge from across the council.
100. Protect the physical and mental health and wellbeing of our staff and members.	We will ensure that we protect the physical and mental health and wellbeing of our colleagues and members by developing their resilience and providing opportunities for genuine two-way engagement. We will work with our Member Development Group to support the safety and security of our elected members.
